ABOUT US

STAR PRO Trading and Contracting is a leader in providing comprehensive solutions across the trading and contracting sectors. Our expertise lies in delivering excellence through a wide array of services designed to meet the distinct needs of our clients. We specialize in supply chain management, procurement, construction, and project management, ensuring every project is executed with precision and professionalism.

We are committed to delivering high-quality services on time and within budget. Our success is built on a foundation of skilled professionals and the use of cutting-edge technologies. From sourcing essential materials to managing complex projects and ensuring strict compliance with industry standards, STAR PRO is dedicated to being a dependable partner. Our goal is to drive business success for our clients and build lasting relationships based on trust and exceptional service.

OUR PROCESS

Mission

Our mission is "To empower global progress through trusted trading and contracting services, delivering innovative, sustainable, and tailored solutions that exceed client expectations, strengthen communities, and steward resources responsibly for a thriving future."

Vision

Our vision is to redefine excellence in trading and contracting by providing innovative, sustainable, and client-focused solutions that connect markets, empower communities, and inspire lasting progress.

COMPANY VALUES

In every project, our work is defined by a commitment to integrity. We act with unwavering honesty and transparency, ensuring trust is at the foundation of every partnership. Our dedication to excellence drives us to deliver superior quality in all we do, from the materials we source to the projects we complete. We believe in collaboration, working as one team with our clients and partners to bring visions to life. We are also committed to innovation, continuously seeking new and better ways to build, trade, and serve. Above all, we prioritize safety because the well-being of our people and the communities we serve is our greatest responsibility.

Geosynthetic Works

- Separation, Protection, Filtration, Erosion control, Reinforcement, and Drainage.

HDPE Accessories

STARPRO supplies all necessary HDPE accessories for piping systems. We offer high-quality pipes & fittings for fluid transport, a full selection of fusion fittings for secure joints, and various valves & flanges for reliable connections. We also provide custom solutions to meet specific project needs. Our products help clients build durable piping infrastructure for construction, oil & gas, and marine applications.

Welding Consumables Supply

STARPRO supplies high-quality welding consumables for all applications. Our inventory includes electrodes & filler wires for various materials, shielding gases to protect the weld, fluxes to enhance weld properties, and torches & accessories for optimal equipment performance. We help clients in the construction, oil & gas, and marine industries achieve strong, reliable welds.

Mechanical & Pneumatic Plugs

STARPRO is a trusted supplier of both Mechanical and Pneumatic Plugs for temporary pipeline sealing and maintenance. We offer mechanical plugs for high-pressure, long-term sealing needs like pipeline testing. For rapid, flexible applications, our pneumatic plugs provide a quick, inflatable solution for flow control and repairs. We provide the right tools to enhance safety and efficiency for industrial, automotive, and marine projects.

ENGINE PARTS

STARPRO is your reliable partner for all engine-related challenges, with a primary focus on maximizing the uptime of your machines. Our global service network provides fast and expert support to ensure your equipment is always ready for operation.

We offer genuine engine parts and filters from leading brands, including Perkins, Volvo, and Cummins, along with a comprehensive range of generator spare parts. With our commitment to fast delivery and expert support, STARPRO is your one-stop shop in Qatar for all your generator parts, filters, and service needs.

CONCRETE INDUSTRY

High-quality wear parts, specifically engineered for concrete equipment, deliver a prolonged lifespan and significantly reduce downtime losses, ensuring more efficient and durable production operations.

We offer spare parts and wear-resistant solutions for various brands of machines to meet your specific needs. Our main products include: Batching plant Parts, Crusher parts, concrete pump and Mortar machine spare parts. Main brands are...

Truck Spare Parts

STARPRO is a global powerhouse specializing in the supply of genuine and aftermarket components for commercial vehicles. We are committed to delivering spare parts of unparalleled quality and durability.

Our mission is driven by a passion for excellence, quality, and an unwavering dedication to customer service. We don't just provide parts; we offer tailored solutions that meet or exceed the exacting OEM specifications of leading brands, including:

- Mercedes
- Volvo
- MAN
- Scania
- BPW
- ROR
- JCB
- Komatsu
- Caterpillar
- And more

At STARPRO, we strive to set industry benchmarks, consistently pushing the boundaries of innovation to deliver superior products and services to our clients.

V O L V O

Steel Fabrication Structure

STARPRO is an innovative engineering services company based in Qatar, providing a wide range of solutions to multiple sectors, including construction, Oil and Gas, petrochemical, and marine industries.

We partner with our clients to develop tailored solutions that meet all their engineering and metal manufacturing needs. Our primary focus is on achieving total client satisfaction by completing projects on time, within budget, and to the highest standards of quality. This commitment is underpinned by our core company values: quality, service, and customer satisfaction.

Precision Machining and Fabrication

We specialize in high-precision machining and fabrication, offering a comprehensive suite of services to meet the diverse needs of our clients. Our expertise includes:

- Crank Shaft Grinding
- Boring
- Milling
- Honing
- Cylinder Head Repairing
- Thread Cutting
- Valve Facing
- Straightening
- Hydraulic Fittings
- Custom Industrial Lathe Works

Our products and services are widely utilized across various industries, including automotive, marine, and oil and gas, where precision and reliability are paramount.

BUSINESS OVERVIEW

Core Values

Our company operates on a foundation of integrity, innovation, and excellence. We are dedicated to transparent, fair, and accountable practices, using modern technology to achieve superior results. Our goal is to build safe, functional structures that stand as a testament to our craftsmanship and a commitment to our community.

Partners

Strategic partnerships are crucial to our market position. We collaborate with trusted suppliers and subcontractors to ensure a reliable supply chain and specialized expertise. This collaborative network allows us to scale operations, deliver innovative solutions, and ensure every project succeeds through our collective strengths.

Distribution Channel

Our efficient distribution channels are key to our market position. We use a hybrid model, combining direct sales with a robust network of partners. This allows us to provide great customer service, gather market insights, and ensure our products are widely available and easily accessible to all our customers.

MANAGEMENT TEAM

Our Management Team consists of key leaders who guide our company's success. The CEO sets our vision and strategy, while the CFO ensures our financial health. The Vice President of Operations oversees all project execution and field work, ensuring projects are completed efficiently and safely. Our Director of Business Development is responsible for securing new projects and building client relationships, and the Director of Human Resources focuses on building a skilled and dedicated team. Together, they drive our company's growth and uphold our commitment to excellence.
